

SLOW RELEASE

EASY-TO-USE, SAFE AND HIGHLY PRACTICAL.

Easy-to-use, safe and practical, the "SLOW RELEASE" system by GIBBON is the solution for a user-friendly detensioning of your Slackline! An abrupt discharge of energy will be avoided and serious damage to the slackline, ratchet, or user is prevented! Suitable for all GIBBON slackline sets and tricklines. Once installed, always ready! Not suitable for longlines.
