Hot Tent Stove

What's the best way to enjoy cold-weather camping and backpacking? Answer: hot-tenting with a Titanium Wood-burning Stove. This stove will keep you warm in any weather, help you dry out wet clothing, allow you to cook or boil water from inside your tent, and provide you with a feeling of home comfort in the wilderness. The stove comes ready to use with stove body, 2 legs, a stove pipe, spark arrestor, dampener, fire poker, and modular, 2-piece zippered carry bag. For use with Peregrine Boreal 4 HT tent.

ANATUM DOWN SLEEPING BAG

The Anatum sleeping bag is a fully featured, lightweight down sleeping bag intended for backcountry users.

The Anatum features a PFAS-free water-resistant treatment as well as 500 FP, RDS certified duck down which provides a high warmth to weight ratio at an affordable price.

Features include:

- #5 YKK 2-tab
- 2-way zipper w/Anti-snag zipper cover for easy zipping within the bag
- Sleek, concealed zipper you'll hardly notice when not in use
- Ultralight shell and liner fabrics
- Segmented hood adjustment system with individual pulls
- 4 pad attachment loops for securing the bag to a sleeping pad
- Continuous zipper and hood baffle
- SKU # 20° 580657, 0° 580659
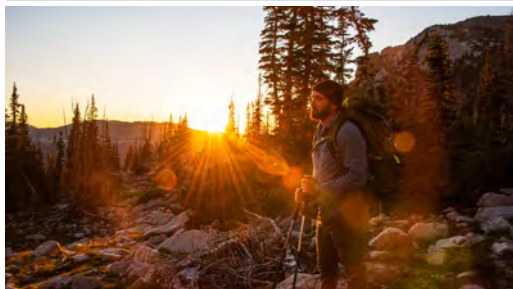

OUR STORY

Peregrine was founded in 2012 by a team of avid adventurers living at the foot of the Wasatch Mountains.

We help you have inspiring outdoor experiences by providing accessible and meticulously designed gear. Our passions are moments of clarity, growth, and joy that can only be found in the wilderness. Often with the people that mean the most to us. We believe outdoor experiences create growth, connection, and even healing. Wild places. Happy life.
